QUARTERLY ENVIRONMENTAL COMPLIANCE AND ENFORCEMENT SUMMARY

April 1, 2011 to June 30, 2011

BRITISH COLUMBIA | Ministry of Environment

BRITISH COLUMBIA | Ministry of Forests, Lands and Natural Resource Operations

The 2nd Quarterly Environmental Compliance and Enforcement Summary for 2011 outlines 3 Orders, 47 Administrative Sanctions, 243 Tickets and 12 Court Convictions from 16 charges for a combined total of $78,390 in fines.

Notable highlights this Quarter:

A Prince George man was fined $2,500 following an investigation by Conservation Officers into a citizen's complaint of bear-baiting in a remote B.C. park. Kevin Novak pleaded guilty on May 4, 2011 in Provincial Court to one count of placing bait. Novak placed fish parts above the high-water mark, attempting to attract wildlife to an estuary in Foch-Gilttoyees Provincial Park in Douglas Channel, about 40 kilometres southwest of Kitimat. Of the $2,500 fine, $2,400 will go to the Grizzly Bear Trust Fund. Novak is also suspended from hunting for one year. "It sends a strong message that the province is concerned about the protection of bears and that when hunting occurs it is done ethically." said conservation officer Sgt. Darryl Struthers.

A Vancouver man faces combined fines of $5,000 after pleading guilty to two counts under the *Wildlife Act* after an appearance in Duncan Provincial Court. Sergei Sharov pleaded guilty to one count of hunting during a closed season and one count of unlawful possession of wildlife. He was fined $5,000, of which $4,500 will go to the Habitat Conservation Trust Foundation. Sharov also received a five-year recognizance, including a ban from hunting and being in contact with other hunters. In addition to the penalties imposed, the seized firearm was forfeited to the Crown.

The charges were laid after the Conservation Officer Service received a tip from a member of the public. Sharov was discovered by conservation officers with a freshly killed and field-dressed elk on the afternoon of November 9, 2008 on the north shore of Lake Cowichan. Due to conservation concerns, hunting of elk has been banned in this area for over 30 years. A co-accused, Everett Clifford Smith, remains at large and has a warrant for his arrest.

Earlier this year, government launched a new online database making it faster and easier for British Columbians to keep track of the people, businesses and industries running afoul of B.C.'s environmental rules. In addition to the *Quarterly Environmental Compliance and Enforcement Summaries,* published in PDF format, the new database allows information to be searched by violator names, locations, dates or types of violation, dating back to 2006 when the Ministry of Environment began public reporting of violations.

Our compliance and enforcement reporting includes orders, administrative sanctions, tickets and court convictions, covering hunting and fishing, open burning, mud bogging, dam safety, pesticide and pollution violations.

Find the new database at: *www.env.gov.bc.ca/main/compliance-reporting*

Cross Reference Guide 20

ISSUED TO	LOCATION	ACT	REG.	SECTION	DESCRIPTION
All-Clean Fluids & Filtration Services Ltd., Gina Hommy Holding Ltd.	Peace/Fort St. John	*Environmental Management Act*		83	A Pollution Abatement Order was issued to address pollution caused by salt water releases at the facility. The company is ordered to comply with the following requirements: 1) immediately stop the runoff and release of all discharges from the processes and the site; 2) provide a plan with a firm time table of implementation to determine the extent of the pollution/contamination on both soil and groundwater from salt water releases from the on-site facilities; and 3) retain the services of a qualified professional (QP) to assess the extent of contamination as outlined in the submitted and approved plan. The results of the site assessment must be submitted to the ministry within 50 days.
The Geothermal Guys and Arsenault, Randy	Coldstream	*Water Act*		77(2)	An Engineer's Order was issued to address a situation where an artesian condition was encountered during the drilling of a well. At the time of drilling, the geothermal company did not take sufficient steps to ensure that the artesian flow could be stopped or controlled. The company is required to close the well as described under section 77 (2) of the *Water Act* to the standards set out in the Ground Water Protection Regulation.
Brindley, Terrance; Cassidy, Hermine and Schroers, Petra	Abbotsford	*Water Act*		88	An Engineer's Order was issued in response to unauthorized changes to an unnamed stream. The property owners are ordered to remove all unauthorized in-stream works (e.g.: plastic culvert and supporting fill) and reinstate stream and all affected habitat to their former condition.
